

# Model European Council

---

Tuesday 10th December 2024  
Hosted at Eurocampus Ireland by St Kilian's  
Deutscheschule and Lycée Français d'Irlande

# What is the Model EU Council?

Students gather together to make proposals and debate them, the same way the EU does when considering new laws. Countries may make alliances (agreements to back each other up) and/or rely on their facts and arguments. They then vote on their proposals.

13 schools from all across Ireland joined together for this MEC Conference.

# Slovakia for the Day

Our school represented Slovakia at the MEC Conference under three headings

- Heads of State
